CONTENT OUTLINE: THE MET GALA

Lilia Jimenez

Goal: I would like to create a page on the Met Gala discussing the history, the themes, who attends, the sheer luxury of the event as well as the controversies the event brings up. I hope to build this site as multiple HTML pages with links rather than one long scroll to create interest and hierarchy. In terms of photos, there is great content on the internet of the fashion and outfits, the Met Museum, the designers, the celebrities and more! (People dedicate their entire careers on this event…there are certainly enough pictures)

HOMEPAGE / INTRODUCTION: Section to discuss what the Met Gala is, where it is, who funds it, etc etc…

HISTORY and DETAILS: Discuss roots of Met Gala and Eleanor Lambert's vision for the event as a charity ball.

THEMES and LIST OF MET GALAS: Explain significance of the theme, when it is released, list the themes over the years with pictures.

MOST ICONIC and GROUNDBREAKING LOOKS: Not currently in the Wikipedia site, but will collect outside research on the most influential looks at the Met Gala…history is made at this event.

CONTROVERSY: Highlight issues with the event.

*OCEAN'S 8: Entire movie based on looting of the Met Gala and highlights the grandness and intricacies of the event.
